5510 Bano walking stick holder

Bano accessories products have been manufactured to a holistic design to ensure that all components match in the bathroom.

Many people need to use a walking stick or a crutch in their everyday lives. In the bathroom, it is essential that there is a place to store this support within easy reach. The solution is the Bano stick holder which is both discreet and user friendly. The stick is gripped by a rubber strip that make it stay on place until the user needs it again.

Materials

- ABS plastic and rubber
