5496 Bano waste bin

Holistic design

Bano products have been manufactured to a holistic design to ensure that all components match in the bathroom.

The waste bin has a rectangular, curved shape to take up minimal space in the room. It is designed to be mounted on the wall with an unique wall mounting system which makes it easy to remove for taking away waste or cleaning. The wall mounting system can be fixed to the wall either with screws or glue.

Materials

- Nylon
